Existing

Multi-Family Residential District: One family houses, two family houses, rooming houses, row houses, apartment houses, fraternities and sororities, etc. (For a full description of the Multi-Family Residential District, please review [§337.08](#) of the Cleveland Zoning Code).

There are established controls and conditions for industrial uses in the district to ensure that these industrial uses will not be detrimental to the residential uses.

Semi-Industry Use Districts: Warehouses, auto repair garages, cold storage plants, garment factories, newspaper plants, trucking terminals, breweries, and other light manufacturing uses. However, if this proposed zoning change becomes effective, the law requires that the legal use of all existing buildings in the area be allowed to remain, but there can be no additions or expansions of these uses without a special permit from the Board of Zoning Appeals. ([§345.03](#))

Area District

Area District 'B' allows for a maximum gross floor area of residential buildings to be equal to ½ times the total lot area. Area District 'G' allows for a maximum gross floor area of residential buildings to be equal to 3 times the total lot area.

Height District

Height District '1' allows for a maximum height of the building to be thirty-five (35) feet tall. Height District '2' allows for a maximum height of a building to be sixty (60) feet tall. Height District '3' allows for a maximum height of one hundred and fifteen (115) feet tall.

The UF Overlay will do this by requiring pedestrian-oriented building features, preserving and enhancing the architectural character of new and existing buildings and protecting public safety by minimizing conflicts between vehicles and pedestrians. UF Overlay Districts are planned

to be densely developed areas with a majority of the building set relatively close to the street and parking located behind the main building. (See [§348.04](#))

Area District

Area District 'B' allows for a maximum gross floor area of residential buildings to be equal to 1/2 times the total lot area. Area District "D" allows for a maximum gross floor area of residential buildings to be equal to one (1) times the lot area.
