Explanation of Proposed Rezoning

Ordinance No. TBD: Changing the Use, Height and Area Districts of parcels fronting the northwestern section of Franklin Circle between Dexter Place and W. 28th Street as identified on the attached map. This rezoning is subject to Section 333.02 of the Cleveland Zoning code. (Map Change 2587)

Permitted Uses in Existing or Proposed Zoning Districts:

Existing

Local-Retail Business District: Residential uses, food stores, variety stores, shoe stores, drugstores, eating places, professional offices, and other retail business uses that serve neighborhood needs. For a full description of the Multi-Family District you can go to the American Legal Publishing website ([§343.01](#))

Two-Family Residential District: One family houses, two family houses, playgrounds, churches, libraries, hospitals, etc. ([§337.03](#)).

Area District

Area District 'B' allows for a maximum gross floor area of residential buildings to be equal to ½ the total lot area. Area District 'D' allows for a maximum gross floor to be equal to one (1) times the total lot area except for multi-family.

Height District

Height District '1' allows for a maximum height of the building to be 35 feet tall. Height District '2' allows for a maximum height of a building to be 60 feet tall.

Proposed

Local Retail Business District: Residential uses, food stores, variety stores, shoe stores, drugstores, eating places, professional offices, and other retail business uses that serve neighborhood needs. For a full description, go to the American Legal Publishing website ([§343.01](#)).

Urban Form (UF) Overlay District: Established to create a high degree of walkability and design quality for Cleveland's urban streets. The UF Overlay will do this by requiring pedestrian-oriented building features, preserving and enhancing the

architectural character of new and existing buildings and protecting public safety by minimizing conflicts between vehicles and pedestrians. UF Overlay Districts are planned to be densely developed areas with majority of the building set relatively close to the street and parking located behind the main building. (See [§348.04](#))

Area District

Area District "H" allows for a maximum gross floor area of residential buildings to be equal to four (4) times the total lot area.

Height District

Height District '2' allows for a maximum height of the building to be 60 feet tall.

NOTE: If this proposed zoning change becomes effective, the law requires that the legal use of all existing buildings in the area be allowed to remain, but there can be no additions or expansions of those uses made nonconforming by this change without a special permit from the Board of Zoning Appeals.
